### Activities Outside the Hotel

Activity	Venue / Community	Tour Duration
<b>Shirding Deer Tour in Daytime</b>	<b>Shirding</b>	<b>1.5-2 hours</b>
Shirding is home to the only nationally-founded conservation facility of Formosa Sika deer. The deer here are semi-confinement reared, so chances are you will spot them halfway on your visit!		
<b>Shirding Park Taiwan Ebony Forest Exploration</b>	<b>Shirding</b>	<b>3-3.5 hours</b>
Commonly known as Taiwan's ebony forest (140-hectares), this area has been protected since the days of the Japanese because of its solid material and high value. It has only become possible to visit here in recent years. The foliage is dense, lush and magnificent. A breathtaking journey, you will also see endless views of the Pacific Ocean from the edge of the cliff next to the forest, as well as Jiale Water Coastline and Longan Park.		
<b>Daytime adventures at Shirding</b>	<b>Shirding</b>	<b>1.5-2 hours</b>
Covering over 180 hectares, Shirding Natural Park rests on an uplifted coral reef and is a spectacular natural classroom, boasting nearly 300 species of flora, 50-plus species of butterflies, and more fauna and bugs than you could count.		
<b>Nighttime adventures at Shirding</b>	<b>Shirding</b>	<b>1.5-2小時 hours</b>
It is a vibrant world with nocturnal creatures rising from slumber, such as the protected Chinese bullfrogs and Ornate rice frogs courting with their croaks. It is a symphony of nature and even the less-talented, homely Spectacled toads join the performance!		

<b>Rice Planting in the Organic Paddies [January Only]</b>	<b>Long-Shui</b>	<b>2 hours</b>
<p>Out of concern for the environment, the farmers of Long-Shui Community have returned to the old ways of farming, cultivating a 16-hectare organic rice farm that produces clean, natural “Long-Shui Organic Langjiao Rice.” Step into the shoes of a farmer and work alongside the locals in the paddies and experience the fun of planting organic rice yourself!</p>		
<b>Harvesting Rice in the Organic Paddies [May Only]</b>	<b>Long-Shui</b>	<b>2 hours</b>
<p>After soaking up the moisture and nutrients of the soils of Long-Shui Community, the organic rice planted there is ready for harvest. Long-Shui’s environment makes it a rich source of food, which in turn attracts ducks, geese and egrets, making it a must-visit for bird-lovers!</p>		
<b>Red Turtle-shaped Rice Cake Making and Clam Picking</b>	<b>Long-Shui</b>	<b>2 hours</b>
<p>Community farmers actively promote organic planting of rice by using less polluting and pesticide-free farming techniques to produce the famous “Langjiao Rice.” Take a walk on the organic field that bounces like a spring mattress. Enjoy the Red Turtle-shaped Rice Cake to experience unique rural traditions.</p>		
<b>Houbihu Intertidal Zone</b>	<b>Houbihu</b>	<b>1.5 hours</b>
<p>The vast, gradual wave-cut coral reef platform in Houbihu intertidal zone provides diversified micro-habitats for various creatures. In this intertidal zone, you will find hermaphroditic sea rabbits, colorful starfish, and anemone of varying sizes. It is an ideal place for families with children to learn the variation of the tidal cycle, closely observe the intertidal ecology system, and learn the changes of nature.</p>		
<b>Houbihu Scuba-Diving</b>	<b>Houbihu</b>	<b>1.5-2 hours</b>
<p>In Kenting's most beautiful sea area “Houbihu,” the stable seabed gives birth to rich ocean ecological life. Even if you can't swim, you can be led by professional coaches and use snorkeling equipment to feed the colorful tropical fish. You’ll be amazed by the coral wonders.</p>		
<b>Land crab visiting at Gangkou Community [May to Oct.]</b>	<b>Gangkou</b>	<b>2 hours</b>
<p>Visitors can expect to see large groups of crabs near the harbor beginning in May. Around Mid-Autumn Festival is the peak mating season. Come along with the local guide and explore the lives of these delightful creatures.</p>		
<b>Exploration of Kenting National Park</b>	<b>Kenting National Park</b>	<b>1.5-2 hours</b>

Kenting National Forest Recreation Area was previously a botanical garden where a large number of domestic and foreign tropical plants were grown, thereby attracting a rich variety of species of birds. Attractions include the uplifted coral reefs such as the “One-Line Sky” and limestone terrains such as “Fairy’s Cave” and “Silver Dragon Cave.” These are special terrains not commonly seen in Taiwan. This is a natural wonderland perfect for environmental education.

**Hengchun Paradise of Deers Feeding**

**Hengchun**

**1.5 hours**

The Lukai Sika Deer Ecological Park, enjoys the reputation of Kenting Nara, (a famous place for deer viewing and feeding in Japan). The park re-introduces spotted deer on its own farm, where visitors can get up close or feed deer groups at a distance.
